[Special to The Times-Dispatch.]
Washington, July 1.—When the
Senate Committee on Foreign Relations
resumes its consideration of the
Nicaraguan question, it will have a
long recital of the activities of the
States marines in adding in
settling up the present administration
laid before it. The daily reports of
the officer in command of the marines
in Nicaragua during the last revo-
lution, which resulted in elevating
Adolfo Diaz to the presidency, are said
to contain some remarkable information.

One of the reports of Captain Pendleton
of the marines, which will be laid
before the committee, shows that on a
certain day he sent word to the officers
in command of the Nicaraguan troops
that unless by 8 o'clock the next
morning the troops under this officer
were not removed from the National
Railroad, which is controlled by
the American banking syndicate,
and a white flag unfurled on the spot
where the Nicaraguan troops were
camped, he would open fire upon them.

This letter, Captain Pendleton told
the Nicaraguan officer, did not require
any reply. All he asked was obedience
to its requirements. Despite this,
however, the native officer sent a reply
in which he asked since when the
American soldiers, who had fought for
Washington and under Lincoln, had
been imported into a foreign country
to fight men, who, like the former
Americans, were only fighting for
their liberty and a free government.

He protested against the orders of the
president, and asserted that the
Nicaraguan soldiers had not damaged
the railroad, and had no intention of
interfering with it in any way.

The report stated that at 8 o'clock
the next morning the white flag was
not shown, and the native soldiers still
remained in their camp. True to his
letter, the American officer opened fire,
and in the fight that followed, 100
Nicaraguan soldiers were killed. The com-
mittee, when this evidence is sub-
mitted, will attempt to bring from the
department information to show from
what superior authority in Washing-
ton these orders to kill Nicaraguans
were issued.

GROWING COTTON CROP 79.6 PER CENT OF NORMAL

Prospects of Production Probably Equal to
or Better Than Those of
Last Year.

Washington, July 1.—On the second largest
acreage ever recorded, and with the pros-
pects of production probably equal to or
better than those of last year, the growing
cotton crop of the United States today
was reported by the Department of Agri-
culture at being 79.6 per cent of normal,
with the area in cultivation at 26,369,000
acres.

The condition is slightly less than 1 per
cent below the average condition on June
26 for the past ten years. Had weather
early in the season caused a low condition
in a number of States, but during June
conditions in those localities improved
greatly. In Texas, where on May 1 the
condition was 65 per cent of a normal, the
June 25 report showed an increase to 74 per
cent; in Oklahoma it improved from 68 to 72;
in North Carolina from 75 to 82, and
in South Carolina from 72 to 81.

The area in cultivation is 98,000 acres, or
13 per cent less than the revised average
in cultivation a year ago. Oklahoma re-
ported an 8 per cent decrease and Texas
and Virginia a 5 per cent decrease. In Cali-
fornia the area was more than doubled, and
Louisiana reported an increase of 20 per
cent in acreage. Acreage and condition

tive and law reform committee, recom-
mended that verdicts in civil cases be

NORTH CAROLINA DRUGGIST HELD AS WHITE SLAYER

[Special to The Times-Dispatch.]
Norfolk, Va., July 1.—W. B. Sand-
ford, druggist, of Durham, N. C., was
brought before United States Commis-
sioner Stephenson this afternoon on a
charge of violating the Mann white
slave act, and at the request of the
defense, the case was continued until
July 11. Josephine Cockrell, a pretty
girl, fifteen years old, is held as a wit-
ness against Sandford.

According to Sandford, who is less
than thirty years old, he was intro-
duced to the girl in Durham on Sat-
urday. They motored to Raleigh, he
said, and on Sunday came to Norfolk.
The girl said she wanted to leave Dur-
ham and was willing to go with any
one who would take her away. Both
Sandford and Cockrell had been no violation of
the Mann law.

GOOD YIELDS PROMISED DESPITE LONG DROUGHT

[Special to The Times-Dispatch.]
Arvonia, Va., July 1.—Wheat thresh-
ing has commenced throughout this
section, and reports from farmers in
some cases excellent yields. The grain
also is firm and good, and will make
fine feed. The spring oats are fair,
but winter oats in some cases are un-
usually good.

Probably one-half a crop of to-
bacco will be raised in this section if
seasons continue good from now on.
If dry weather continues, not one-
fourth of a crop will be made.

Recent rains caused gardens to come
out well, and corn to grow rapidly.
Apples are plentiful, and peaches
promise a fair yield.

Some farmers, however, contend that
not half a crop of corn will be raised
in this section, and that there will be
no tobacco of good grade. The hay
crop was practically destroyed by the
drought of May and June.
